

Press Release

January 13rd, 2011

GRAITEC at the BAU 2011 tradeshow

Bièvres, France, January 13rd, 2011 - GRAITEC, a major worldwide developer for structural analysis and detailing software will be exhibiting at BAU 2011 in Munich from January 17th - 22nd.

GRAITEC will be exhibiting at the BAU 2011 tradeshow in Munich, Germany from January 17th - 22nd.

The team will be presenting the new 2011 versions of "Advance Steel" and "Advance Concrete". Furthermore you can get to know the software solution for bridge construction, "Advance Bridge", and our solution for structural analysis.

Visit GRAITEC at booth #622 in hall C3.

About GRAITEC...

Founded in 1986, GRAITEC is a major software developer for civil engineering offering a Building Information Modeling (BIM) system that automates the entire structural process. Used by more than 30,000 professionals worldwide, GRAITEC solutions have helped in creating outstanding projects: Cœur Défense tower, Stade de France stadium, Cairo Subway, Düsseldorf International Airport, Băneasa Shopping City in Bucharest, Milano Fair, etc. The GRAITEC Group has more than 250 employees working in 12 companies (France, Germany, Czech Republic, Romania, Russia, United Kingdom, Canada, USA and Singapore). GRAITEC also manages an international network of more than 40 resellers.
